

The Global Fly Fisher's  
**Hatch Chart of The Midwest United States & Southern Ontario Canada**  
 Primarily for Minnesota, Wisconsin, Michigan, Illinois, Ohio & Southern Ontario, Canada

 marginal hatch activity  
 prime hatch activity

adjust hatch chart +2 weeks for warmer weather, -2 weeks for colder weather

Name	Size	January	February	March	April	May	June	July	August	September	October	November	December
<b>Ants</b> Beetles Crickets Grasshoppers	12-18												
<b>Leeches</b>	4-10												
<b>Sculpins</b>	10-10												
<b>Freshwater shrimp</b> (scuds)	12-20												
<b>Widge</b> <i>chironomids</i>	16-28												
<b>Tiny Winter Black Stonefly</b>	12-18												
<b>Baetis (seasonal)</b> <i>baetis spp</i>	18-20												
<b>Early Stonefly</b>	4-14												
<b>Micro Caddis</b> <i>hydropsyllidae</i>	18-22												
<b>Blue Quill</b> <i>P. adspitiva</i>	16-20												
<b>Grannom Caddis</b> <i>Brachycentrus spp</i>	14-16												
<b>Sulphurs</b> <i>Ephemera spp</i>	14-16												
<b>Yellow Sally's</b> <i>Isoperla spp</i>	10-12												
<b>Brown Stonefly</b> <i>Cutus decius</i>	10												
<b>Gray Drake</b> <i>Siphonurus sp</i>	10-12												
<b>March Brown (Gray Fox)</b> <i>S. vicarium</i>	10-14												
<b>State Drakes</b> <i>Isoperla bicolor</i>	10-12												
<b>Early Brown Stonefly</b>	12-16												
<b>Dark Hendrickson</b> <i>Ephemera subvaria</i>	16-18												
<b>Mahogany Dun</b> <i>Paraleptophlebia adspitiva</i>	16-18												
<b>Large Black Stonefly</b>	2-6												
<b>Dark Hendrickson</b> <i>Ephemera subvaria</i>	12-14												
<b>Black Caddis</b> <i>Chimarra spp</i>	16-18												
<b>State Wing Mahogany</b> <i>paraleptophlebia adspitiva</i>	16-18												
<b>Early BWO's</b> (blue winged olives)	18-24												
<b>Green Rock Worm Caddis</b>	10-18												
<b>Crane fly</b>	10-14												
<b>Sulphur Dun</b> <i>Ephemera dorothea</i>	16-18												
<b>Brown Drakes</b> <i>Ephemera simulans</i>	10-12												
<b>True Hendrickson</b> <i>Ephemera invaria</i>	14-16												
<b>Light Hendrickson</b> <i>Ephemera rotunda</i>	14-16												
<b>March Brown</b> <i>Stononemum vicarium</i>	10-12												
<b>Summer Stonefly</b> <i>Paridea, Perlodidae, Chloroperidae</i>	4-16												
<b>Speckled Sedge</b> <i>H. orealis</i>	12-14												
<b>Hex</b> <i>Hexagenia limbata</i>	4-8												
<b>Cinnamon Sedge</b> <i>Limnephilus spp</i>	10-12												
<b>Mottled Sedge</b> <i>Nephelephax spp</i>	10-12												
<b>Yellow-Brown Stone</b> <i>Agnetina capitata</i>	6-8												
<b>Trico</b> <i>Tricyphodes spp</i>	22-26												
<b>BWO's</b> (blue winged olives)	16-20												
<b>White Millers</b> <i>Nectopsyche spp</i>	12-14												
<b>Large Dun Variant</b> <i>Hexagenia atrocaudata</i>	6-8												
<b>Baetis (fall hatch)</b> <i>Baetis spp</i>	18-22
